ARGUS Enterprise (AE): The global standard for property valuation and the most comprehensive asset and portfolio management solution in the world.

ARGUS Enterprise (AE) solves common industry challenges, helping to keep you and your team ahead of the curve.

Industry Challenge: Performing property valuations for investment analysis requires accurate cash flows and models.

How AE Helps: Easily model detailed cash flows, market assumptions and rates to run global valuation methods.

Industry Challenge: Monitoring portfolio performance requires an ongoing consolidation of budgets, actuals and forecasts.

How AE Helps: Directly link property and accounting systems to create a single solution that connects stakeholders.

Industry Challenge: It's challenging to deconstruct the value of models developed by other organizations for transaction analysis.

How AE Helps: Determine the value of any property with consolidated market data, scenarios and analytics.

Work smarter, transact faster, and capture greater returns
