### About the Institute of Real Estate Management

IREM® is an international force of nearly 20,000 individuals united to advance the profession of real estate management. Through training, professional development, and collaboration, IREM® supports our members and others in the industry through every stage of their career.

We believe in our people, and we provide the tools they need to succeed. We open doors, we forge connections, and we help show the way forward. Backed by the power that comes with being an affiliate of the National Association of REALTORS®, we add value to our members, who in turn add value to their teams, their workplaces, and the properties in their commercial and residential portfolios.

Our memberships empower college students, young professionals, and industry veterans who are committed to career advancement. Earning our credentials, including the CPM®, ARM®, ACoM, and AMO®, demonstrates a commitment to, and passion for, good management. These credentials, along with our courses and array of resources, all exist with one goal in mind – to make a difference in the careers of those who manage.

**IREM's Vision:** Anyone in real estate management is engaged with IREM.

**IREM's Mission:** IREM advances the profession of real estate management.
